

In the ISblue framework, an action is engaged to encourage international mobility. It is a financial support for the 2020-2021 academic year.

Incoming mobility financial support is for students who want to carry on a research project in France, in one of the ISblue research laboratories. The projects have to follow one or more ISblue research theme. The partner laboratories and the list of the research themes of the ISblue are available on our website: https://www.labexmer.eu/fr/formation/bourses-mobilite/copy2_of_ISblueoverview.pdf

DETAILS OF THE CALL

Eligibility criteria

The incoming mobility grant is targeted to **students in second year of Master's degree (postgraduate)**.

The applicant must:

- Have a mobility project in France for an internship (3 to 6 months) as part of his educational program,
- Have a mobility project to carry out collaborations with one of the ISblue laboratories (please refer to : <https://www.labexmer.eu/fr/formation/bourses-mobilite/partenaires>),
- Have a project that follows one or more ISblue research themes
- The financing will be awarded only when the hosting agreement will be signed by both parties and by the director of the ISblue welcoming laboratory.

Mobility grant

The mobility grant will be awarded according to the following scale (maximum)

A lump-sum amount of 100€ per month, to what a travel cost package will be added, according to the origin of the candidate:

Zone	Amount in €
Zone 1 : Europe and Northern Africa	400
Zone 2 : Northern America	800
Zone 3 : Central and Latin America / Africa / India	1 000
Zone 4 : Asia / Oceania	1 400

As exemple : for a 3 month period, a student coming from Brazil, will received a grant of: $100 \times 3 + 1000 = 1300$ euros.

APPLICATION PROCEDURE

Application form

Postgraduate students wishing to apply for a mobility grant in a ISblue laboratory have to fill in the application form available on the website.

The application form will have to include:
